## The How's & Wise of Happiness At Work

Brad Montgomery is a master presenter who teaches people how to use happiness to boost productivity, creativity, innovation, sales and profits. He turns typical meetings into transformational events using the power of happiness. Oh, and he's pretty funny.

He's transformed audiences in all 50 states and on four continents. His clients include Microsoft, Verizon, The FBI (yes, that FBI) the CIA (yes, that CIA) and the IRS (where he withheld 30% of his best jokes.)

Brad specializes in using humor, interactivity, sound, music and visuals to ignite audiences so that they can use happiness as a tool in their lives and their jobs. Other speakers TALK about happiness. But Brad SHOWS them how to harness the power of happiness in hands-on, experiences that they'll remember and implement. It's the difference between a "speech" and an "event."
